

Introducing

"From time of pour to finished floor...we've got you covered!"

Innovative. **Ground-Breaking.** Air Movers.

Lightest & Quietest Air Movers on the Market.

Daisy Chain.

Increase power and productivity by daisy-chaining your new XPOWER Air Movers. On-board Power Outlet. Available on Select Units.

Green & Mean.

XPOWER Motors are small in size, but mighty in power. Their small size not only weighs less and packs more power but is also more energy efficient. Saving you money and saving the environment.

Durable.

Using state-of-the-art injection mold technology, XPOWER offers air movers made with strong ABS Plastic - same plastic that is used in NFL Football Helmets. Go on, Youtube "XPOWER Air Mover Testing". It'll amaze you!
