

Shark H17

Single Phase, 1 Motor, HEPA Dust Extractor

The Shark H17 is equipped with a conical pre filter and one H13 HEPA filter. The main filter has a 1.7m² filter surface area. The HEPA filter has been independently tested and certified. The Shark H17 can separate the fine dust with an efficiency of > 99.99% @0.3µm, ensuring your work space is a clean and safe environment. The Shark H17 is recommended for small grinders and hand held power tools.

Main features:

1. OSHA compliant H13 HEPA filter
2. "Non marking" rear wheels and a lockable front caster.
3. Efficient jet pulse filter cleaning.
4. Continuous bagging system ensures quick and dust-free bag changes
5. Smart and portable design, transporting is like a breeze.
